24 May 2019

Dear Shareholder,

Electronic communications

Electronic communications are increasingly seen as the favoured means of communication by the vast majority of our investors and I believe in the majority of cases, the continuing posting of hard copy documents is incurring the Company unnecessary costs and causing unnecessary harm to the environment.

Following the approval by the shareholders in 2018 of amended Articles of Association for the Company (the "Articles") which expressly provide for electronic communication, Alien Metals will cease to automatically send hard copy documents to shareholders with effect from 24 June 2019, unless you tell us you would like us to continue or you have not provided an email address for the purpose of receiving documents by email.

The Company continues to be required to write to you when certain shareholder documents are published, and irrespective of your election for electronic or paper communications, you will receive these notifications.

If you would like to continue to receive full paper communications from the Company, please write to the Company Secretary at the address given above, or by email at dtaylor@alienmetals.uk, and specifically, if you would like to receive a paper copy of the 2018 Annual Report and Notice of Annual General Meeting, please make sure we receive your request no later than 24 June 2019.

The Company maintains an electronic mailing list to which alerts are issued, and through this, you can receive notification of the publication of a formal shareholders document as well as regulatory announcements made by the Company. You can add your email address to this list at: www.alienmetals.uk/contact-us.

Yours sincerely,

Peter Taylor
Chief Executive Officer
Alien Metals Ltd
