**Alien Metals Ltd  
("Alien" or "the Company")**

**CHANGE OF COMPANY SECRETARY**

Alien Metals Limited ("Alien Metals" or "Company") advises that it has appointed St James's Corporate Services ("St James's") as Alien Metals' company secretary, effective immediately.

St James's was established in 1998 and its core business is the provision of company secretarial, corporate administration and investor relations services primarily but, not exclusively, to companies in the natural resources sector. Contact details for St James' are available on the Company's website.

The appointment of St James's follows the resignation of David Taylor as company secretary. The Board thanks David Taylor for his services to the Company over the past eight years and wishes him well in his future endeavours.

**Notes to Editors**

Alien Metals Ltd is a mining exploration and development company listed on AIM of the London Stock Exchange (LSE:UFO). The Company's focus is on precious and base metal commodities.

Alien has embarked upon an acquisition-led strategy headed by a strong geological team to build a strong portfolio of diversified assets including two recent acquisitions in 2019. These include the Brockman and Hancock Ranges high grade (Direct Shipping Ore) iron ore projects and the Elizabeth Hill Silver projects both located in the Pilbara region, Western Australia.

In addition to progressing its acquisition-led strategy, and following its strategic review of its portfolio of silver and precious metals projects in Mexico, Alien has identified exploration targets across its 12

mining concessions which it is working to advance systematically. The Company's silver projects are located in Zacatecas, one of Mexico's key silver producing states producing over one billion ounces of silver to date.
